

COMPLETION, PLACEMENT AND LICENSURE RATE DISCLOSURES

Per our reporting requirements with the National Accrediting Commission of Cosmetology Arts and Sciences (NACCAS) for the annual report period of 2013, our rates are as follows:

COMPLETION	78.42%
EMPLOYMENT	100%
LICENSURE	98.77%

1. The placement rates listed above represent students who completed a program between January 1, 2013 and December 31, 2013 and were employed by November 30, 2014.
2. The completion rate does not show students who may have transferred and completed due in part to the training provided by Tennessee School of Beauty (TSB), nor does it show those who may have completed the report period due to an approved medical leave of absence or other factors.
3. The few graduates who failed the licensure exam may have in fact passed it on a subsequent attempt.
